

Software Developer (m/f/d) "Computer Vision and Artificial Intelligence" for Augmented Reality Start-Up

We are currently looking for a fulltime Software Developer (m/f/d) with a strong background in Computer Vision and Artificial Intelligence to support our Augmented Reality (AR) Start-Up in Hamburg. Our first product „PuttView“, an AR-application for golf practice, has already been launched successfully in the EU, US and Asia. Our dynamic team has relevant industry and sports experience.

We are looking for talents (m/f/d) who would like to take our engaging product to the next level. Your main responsibility will be to develop and implement Computer Vision algorithms and investigate the use of Artificial Intelligence for our products.

Topics:

- Tailoring, implementation and enhancement of algorithms for real-time tracking of ball and club
- Analysis of current state-of-art approaches for object recognition and tracking
- Development of structured-light approaches for scanning 3D surfaces
- Assessment and Test of the implemented techniques as well as integration into the existing software architecture
- Investigate and prototype implementation of Artificial Intelligence approaches to further extend our product experience

Your Qualifications:

- Bachelor/Master-Student (m/f/d) in Computer Science or Software Engineering with a focus on Computer Vision and Artificial Intelligence or similar
- Knowledge and experience with OpenCV and similar Computer Vision libraries
- Knowledge in object-oriented programming (C#/C++/Python)
- Knowledge of Unity Game Development (incl. native plugins) and/or AI libraries and tools (TensorFlow, Keras, Theano) is a plus
- Self-motivated and proactive to maintain momentum and progress
- Ability to develop own concepts and quickly learn new technologies

Our Offer:

- An exciting opportunity, where you can take on responsibility from the very beginning
- A powerful team with friendly and highly qualified colleagues
- Flexible working hours
- Attractive compensation packages and much more...

Have we sparked your interest? Then please contact us with your application documents!
